

## ENERGY POLICY STATEMENT

Dún Laoghaire-Rathdown County Council is committed to optimising energy efficiency in all operations and services provided by the organisation in order to preserve our environment and natural resources, reduce carbon emissions (Green House Gas) and help mitigate the effects of climate change for the benefit of present and future generations. DLR will strive to fulfil an exemplar role with regard to energy efficiency in all sectors of operation.

Management will:

- lead and promote energy efficiency programmes, ensuring that the policy is appropriate to the nature and scale of the local authority's energy use and consumption.
- prioritise objectives and targets to ensure that continual improvement in energy performance can be achieved.
- ensure the availability of the necessary information and resources to achieve these targets.
- commit to comply with legal and other obligations related to energy and carbon
- maintain an effective Energy Management System by reviewing energy objectives and targets and implementing ISO 50001:2018.
- support the procurement of energy efficient products and services and design for energy performance improvements.
- regularly review this policy and ensure that the policy is documented and communicated at all levels within the organisation and promote energy awareness throughout the organisation.
