MARCH MONTHLY MANAGEMENT REPORT

26 February – 29 March 2021

The country remained under Level 5 restrictions during the month of March.

The Government and public health experts continued to ask the public to stay at home and reduce movement for essential reasons only. In order to comply with these requests, the revised staff arrangements remained in place. Where staff can operate remotely, they continue to do so.

The Dundrum Area Office and the libraries are closed to the public. Access to County Hall by members of the public is by appointment only, for urgent business.

The Council meeting of 8th March 2021 was held fully remote.

Updates on services affected, by department are detailed below:

Libraries

Following a Govt. announcement, Ireland remains in **Level 5** restrictions until at least 5 April. As a result, all dlr Library spaces remain closed to the public. This includes the My Open Library service at Deansgrange Library, and Sunday opening at dlr LexIcon. In Level 5, our Contact & Collect service, online reservations and the national delivery system all cease, with online resources and services and online events continuing. Library staff continue to work remotely.

Community Call

Staff in Deansgrange and Blackrock Libraries continue taking phone calls and queries 3 days per week as part of the Community Call. Staff from the Community Dept. operate the Community Call helpline/email the remainder of the week. For more information, contact the dlr Community Call phonenumber on Freephone 1800 804535, 01 2713199 or email covidsupport@dlrcoco.ie.

Book Drop Service

Since the Book Drop Service launched on 17 April 2020, **1,705 calls** have been dealt with by library staff, with **10,000 books issued** to cocooners, the elderly and most vulnerable members of our community. Staff in dlr LexIcon remain available to deal with requests received by the Book Drop service. You can contact dlr LexIcon staff directly on 01 2801147 or via email at dlrlexiconlib@dlrcoco.ie

The Community response to Covid-19 is being led and coordinated by **Dún Laoghaire-Rathdown County Council** in collaboration with a wide-range of stakeholders in the Community Response Forum, supported by a wide range of community and volunteer groups.

Community Response to COVID-19:

- Helpline and email address set up and promoted across all communication channels
- Operates 7 days a week from 9 am to 5 pm
- The Community Call Helpline has dealt with over 4,300 calls since it commenced on 30 March 2020 and issues range from shopping, pension, medical, loneliness and isolation
- 82 calls were received in March. The majority of the calls relate to requests for library books. Other issues include information requests on Covid-19 and requests in relation to shopping services.
- The Community Response Forum is meeting every four weeks at present to support in coordinating the provision of a multi-agency response to the individuals in the community that are negatively impacted arising from the measures implemented by the Government to stem the spread of Covid 19.

Health & Wellbeing Initiatives:

Against the background of the Covid Restrictions, it was necessary to develop a range of initiatives to support health and wellbeing in our communities. The priority was to encourage communities to keep fit and active, stay connected and support them in looking after their mental health. Initiatives were rolled out across Libraries, Sports and Physical Fitness, Arts, Heritage and Biodiversity. The Council also partnered with Making Connections, that primarily looks after the elderly, in delivering a range of individual initiatives, in the community to help isolated individuals to connect with their neighbours.

Keep Well Campaign 2021

The Keep Well campaign is a national campaign which the government is promoting to help people stay well through the winter months. The Campaign is focused on 5 themes: Staying Connected, Switching Off and Being Creative, Managing your Mood, Keeping Active and Eating Well.

A dedicated Keep Well page is set up on the Councils website to support the national campaign. <https://www.dlrcoco.ie/en/keep-well-campaign-2021>

The promotion of the Keep Well Campaign in DLR began on 11th January. The 5 themes of the campaign are being promoted on social media. Each week focuses on a different theme with initiatives from the respective theme promoted. Week 1 focused on general Keep Well messages, week 2 focused on Staying Connected, week 3 focused on Switching Off and being creative, week 4 focused on Managing your Mood, week 5 focused on Keeping Active and week 6 focused on Eating Well. For the remainder of the campaign various Keep Well initiatives will be promoted.

As part of the Keep Well Campaign funding has been allocated by Creative Ireland and the Department of Health, through the Healthy Ireland Fund (HIF) to Local Authorities for a new initiative called the "Community Resilience Fund" to support the Keep Well Campaign. An application was submitted to Pobal to deliver actions under the headings 1) Your County 2) Switching Off and Being Creative and 3) Staying Connected in December 2020 and a programme of actions is being rolled out to support Health and Wellbeing.

Activities include expansion of Making Connections programme, Paperchain project, Festival in a Van events, Mobile Music Network, Creative writing programme, Care packs for vulnerable children.

Heritage

Covid-adapted County Heritage Plan online public engagement workshops held 8th/9th March. All DLR heritage properties sites closed due to Level 5 and filming ceased. Planning for online/blended approach to much of the 2021 Decade of Centenaries/Summer of Heritage programme.

Water Services: all essential services continue to be provided, including water supply, drainage services including surface water management and flood management. All essential repairs, operational and maintenance works are continuing, routine and other works have resumed.

Road maintenance: the level of activity is at normal service with the majority of outdoor staff in operation. Essential operations including emergency repairs and upkeep, winter maintenance, responses to Gardaí and traffic accidents continue to be dealt with, and Road Resurfacing & Footpath upgrade programmes are in progress.

The Roads Control continues to grant and manage road opening licenses and permits for essential utility services, including electricity, water, gas and telecommunications as part of the Council's essential services operations implemented as part of COVID-19 restrictions introduced on Friday 8th January 2021.

Cleansing/Street cleaning: all Service are resumed, including litter removal, street sweeping/cleansing and litter bin emptying. Level of activity has increased with all outdoor staff back in operation.

Traffic: During the Covid 19 pandemic, the Council carried out a number of interventions to improve facilities for pedestrians and cyclists. This included the provision of cycle lane protection at a number of junctions and routes and the provision of wider footpaths using bollards and cones to facilitate physical distancing in towns and villages. In addition, village improvement schemes were carried out at Blackrock, Dundrum, Glasthule and Dalkey. A number of these schemes ran over into Q1 2021 and a total of €5.6m was actually spent on these projects up to 2020-year end.

In July, as part of a Stimulus package, the Government announced total package of just over €100m to support sustainable mobility. As part of this, about €9.0 million was allocated to Dun Laoghaire Rathdown County Council for 65 schemes. This funding was used for such interventions as cycle lane protection schemes, improved footpaths and road surfaces, and improved cycle links through parks.

Beaches/Harbours/Piers: All services have resumed.

Local Enterprise Office and Economic Development Unit

The Local Enterprise Office continues to offer grant and training supports to businesses impacted by Covid 19. A webpage has been setup for the specialised [LEO Covid supports](#) which contains details of all the government supports for businesses in these difficult times.

The Department of Enterprise, Trade and Employment launched the [Small Business Assistance Scheme for COVID](#) (SBASC) in March. The scheme is intended to target those businesses with operating costs that do not qualify for the COVID Restrictions Support Scheme (CRSS) operated by the Revenue Commissioners. Closing date for applications is April 21st 2021.

In addition to helping companies adopt best practices in dealing with crisis, the Local Enterprise Office (LEO) is continuing to provide a full range of training supports, details of which are available [here](#). This year's [Local Enterprise Week](#) took place online, with events tailored to reflect the new challenges that businesses face - over 1,000 people registered for the various dlr events. A new Green for Micro initiative was launched during the course of the week, which will assist microenterprises to move to low carbon operations by providing technical support and advice free of charge.

The Street Furniture Grant, introduced to support food service-based businesses, has been extended to December 2021 and will be extensively promoted over the next number of months, along with the Shopfront Improvement Scheme, which has seen a substantially increased uptake in 2020.

The coming months will see the roll-out of a major initiative involving lighting up significant buildings. This is made possible by "Destination Towns" funding from Fáilte Ireland.

The call for artist submissions for the Economic Development Unit's *Dún Laoghaire Anseo*, a programme of street art for Dún Laoghaire town closed on February 24th. It received a very positive response, and the large number of applications are currently being reviewed. The project is due to come to fruition in June 2021, and it is hoped that this will boost footfall in the town, subject to public health restrictions in place at the time.

Dlr BETA project

A budget provision was made in the 2021 Annual Budget for a dlr BETA project. The dlr BETA project aims to engage with the public and to assess and implement ideas from them. These ideas may be for small scale improvements to the public realm. It will act as a conduit for sourcing good ideas from the public and seeing if we can turn them into small scale test projects.

During March, staff from Corporate Affairs and IT engaged with a 3rd party consultant to assist in developing a website (dlrBETA.ie). The focus will be on very small-scale projects that can be monitored and assessed for effectiveness. The nature of the project is that these projects will be trial interventions, tested for a trial period of 3 - 6 months. The Council will then consider if the trial projects are feasible for developing out on a wider basis over time.

Public Sector Duty

The Council has initiated the process to implement the Public Sector Equality and Human Rights Duty across all its functions. Expressions of interest were sought from staff to be part of the Cross Department Group who will undertake a learning by doing process to strengthen their capacity and develop their expertise on the Duty and its implementation.

The budget provision has enabled the engagement with a consultant to provide the knowledge and expertise for both the training process and produce outputs that will progress the implementation of the Duty within the organisation.
