

ENERGY POLICY STATEMENT

Dún Laoghaire-Rathdown County Council

- Is committed to structured energy management and continual improvement in energy efficiency and performance which supports the long term vision of dlr with respect to Climate Change. Management will lead and promote energy efficiency programmes, ensuring that the policy is appropriate to the nature and scale of the local authority's energy use and consumption.
- Will prioritise objectives and targets to ensure that continual improvement in energy performance can be achieved. In order to do this, Management will ensure the availability of the necessary information and resources to achieve these targets.
- Will comply with legal and other requirements related to energy use consumption and efficiency in all areas in which it operates.
- Will maintain an effective energy management system reviewing energy objectives and targets and implementing ISO 50001:2018.
- Commits to ensure good energy management procurement practice which supports the purchase of energy efficient products and services and design for energy performance improvement.
- Will provide regular reviews of this policy and ensure that the policy is documented and communicated at all levels within the organisation and energy saving awareness is promoted throughout the organisation.
