

Halloween Safety Message

Avoid building or attending a bonfire

-  Burnt earth may take 18 months to recover.
-  Fumes from the illegal burning of waste (particularly tyres, paints and plastics) can contain hazardous chemicals. Ash particles can be harmful if inhaled, particularly for young children.
-  Animals are sensitive to loud noises. Please keep your pets indoors around the Halloween period.
-  Stockpiled waste is a risk to the safety of animals, particularly hibernating hedgehogs.

Social Responsibility

-  Halloween can be a dangerous night.
-  Drivers please take extra care and be mindful of children. Children should be reminded of road safety precautions.
-  Dublin Fire Rescue and Emergency Ambulance Service answer hundreds of calls over the Halloween period. Bonfires are an avoidable and costly burden on them.
-  Don't leave your waste anywhere, it could be accessed and targeted for bonfires. You could be liable for a €5,000 fine.

PLEASE REPORT ALL INSTANCES OF DUMPING AND STOCKPILING OF WASTE TO THE COUNCIL BY PHONE (01-2054700) OR EMAIL (INFO@DLRCOCO.IE).

Please keep safe distance
