

**Dún Laoghaire-Rathdown County Council**

**Municipal Services**

**Cleansing Section**

**Street Bin Review**

**March 2019**

## Introduction

A review of street bins is carried out by the Cleansing Section of Dún Laoghaire-Rathdown County twice yearly. Each review looks at the distribution of bins, the frequency of individual bin collections, the misuse of bins at some locations and the requests for removal or installation of bins since the previous review. Decisions are made in relation to improving the street bin service, with the overall objective being to meet Goal 15 of the Corporate Plan to promote a clean and healthy environment. This document details the main outcomes of the March 2019 Street Bin Review.

## Previous Smart Bin Review: April 2018

The outcomes of the April 2018 Street Bin review included:

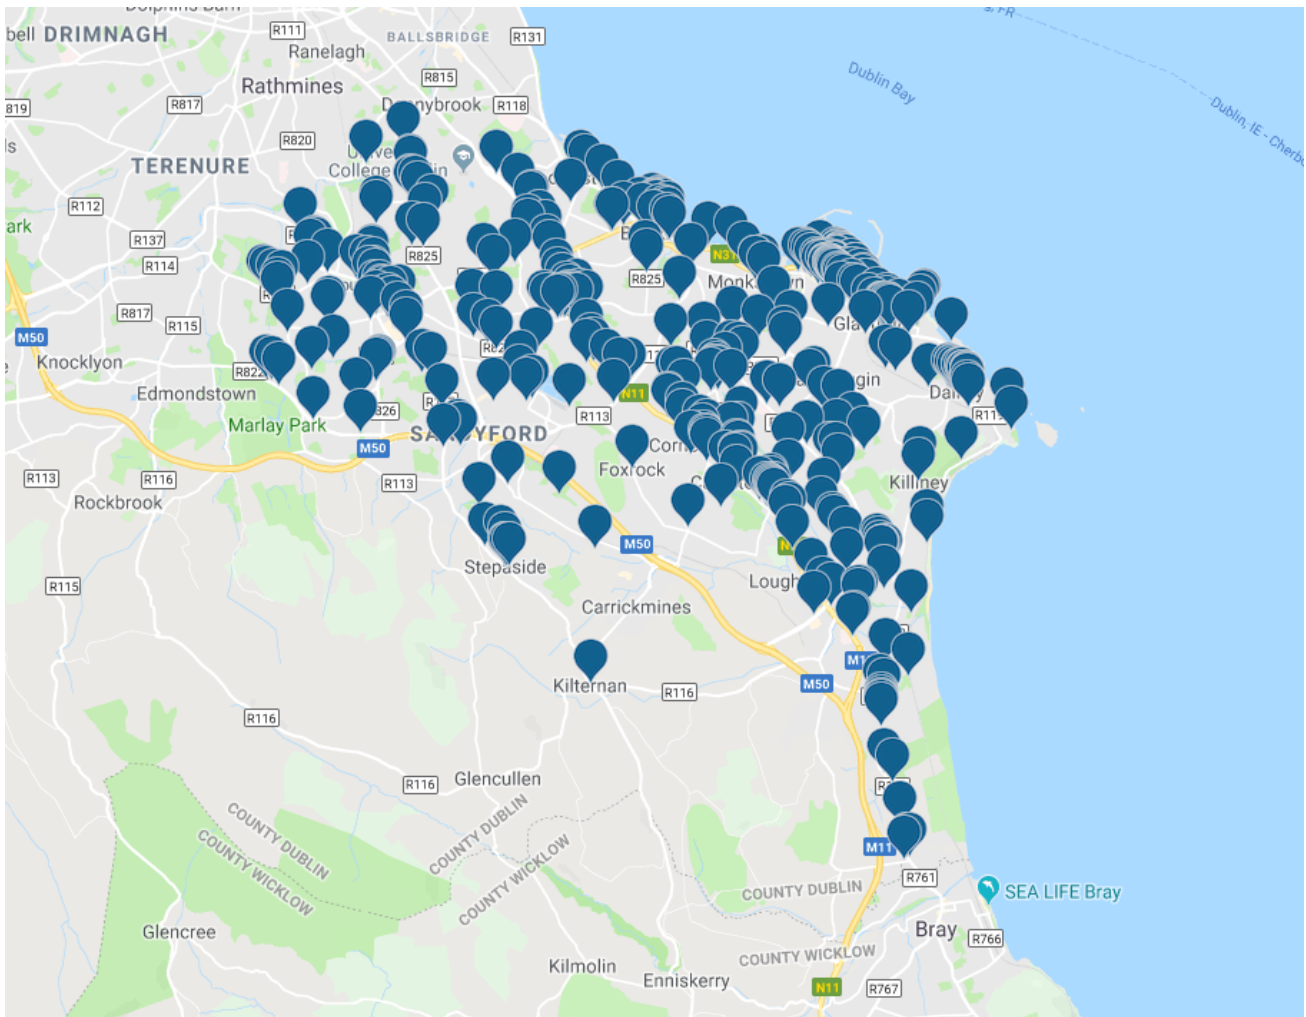

1. Requests for new bins at 20 locations were received and considered.
2. Following review, 4 bins were relocated from areas of underuse or misuse to areas of higher demand.
3. 1 bin was removed and taken out of service due to destruction by fire.
4. It was decided not to purchase additional bins at this time pending the resolution of a manual handling issue.

## Street Bin Service

The Cleansing Section maintains the following street bins:

- A stock of 380 Smart Bins. This has been reduced from a stock of 400 in 2015 due to damage.
- 12 old style metal bins located at beaches, areas where there is a risk of vandalism or difficult to reach areas.
- 5 dog waste bins are in service along coastal routes to assist dog walkers. Dog waste can be disposed of in street bins. However, there are some locations where it is not practical to install normal street bins. In these locations dog waste bins are in place to encourage proper disposal of dog waste.
- During the summer between 10 and 20 additional bins are placed at beaches to facilitate increased demand on the service.
- In Summer 2019, further to requests from the public and elected representatives, a new initiative to provide bins for recyclable waste will be provided at the main beaches. It is proposed to provide bins for paper and plastic waste.

Cleansing Section Smart Bin Review March 2019	Revision: Version 2	Date: March 2019
Page 2 of 21		

*Fig 1: Locations of 380 Smart Bins on DLR Streets - March 2019.*

## Damaged Smart Bins

Seven smart bins were damaged in the period May 2018 to March 2019. Six of these bins were completely destroyed and have been taken out of service. The bin damaged by a vehicle on Station Road, Killiney, will be repaired and relocated. It is proposed to place the repaired bin nearby at a location with less risk of damage.

Cleansing Section Smart Bin Review March 2019	Revision: Version 2	Date: March 2019
Page 3 of 21		

Area	Location	Damage Incurred
Loughlinstown	N11 northbound, at bus stop, outside stone cottages	Fire Damage 14-04-18
Glenageary	Adelaide Rd, at pedestrian lights, at the Metals	Fire Damage 28-09-18
Dalkey	Hyde Road, on footpath outside Cúala GAA	Fire Damage 29-09-18
Ballybrack	Churchview Road, at bus stop opposite church	Fire Damage 25-10-18
Nutgrove	Loreto Row, beside entrance to Loreto Park	Fire Damage 31-10-18
Killiney	Station Road, at the bridge at the junction of Military Road	Vehicle strike 27-12-18
Dún laoghaire	Queens Rd. - Entrance Pavilion Car Park	Fire Damage 19-02-19

## Collection Frequency Bins April 2018 – March 2019

Collection and maintenance of street bins in Dún Laoghaire-Rathdown is carried out by two Cleansing Crews Monday to Sunday.

Collection data from the 1st of April 2018 up until the 28<sup>th</sup> of February 2019 is presented below.

Period of Collection	Number of Collections
01 <sup>st</sup> April 2018 – 30 <sup>th</sup> April 2018	3,001
01 <sup>st</sup> May 2018 – 31 <sup>st</sup> May 2019	3,570
01 <sup>st</sup> June 2018 – 30 <sup>th</sup> June 2018	3,716
01 <sup>st</sup> July 2018 – 31 <sup>st</sup> July 2018	3,804
01 <sup>st</sup> August 2018 – 31 <sup>st</sup> August 2018	2,737
01 <sup>st</sup> September 2018 – 30 <sup>th</sup> September 2018	2,356
01 <sup>st</sup> October 2018 – 31 <sup>st</sup> October 2018	3,376
01 <sup>st</sup> November 2018 – 30 <sup>th</sup> November 2018	3,505
01 <sup>st</sup> December 2018 – 31 <sup>st</sup> December 2018	3,419
01 <sup>st</sup> January 2019 – 31 <sup>st</sup> January 2019	3,432
01 <sup>st</sup> February 2019 – 28 <sup>th</sup> February 2019	3,214
<b>Total Collections since 01<sup>st</sup> April 2018</b>	<b>35,946</b>

Table 2: Bins Collections in the period April 2018 to March 2019.

Fig. 4: Monthly Bin Collections 2018

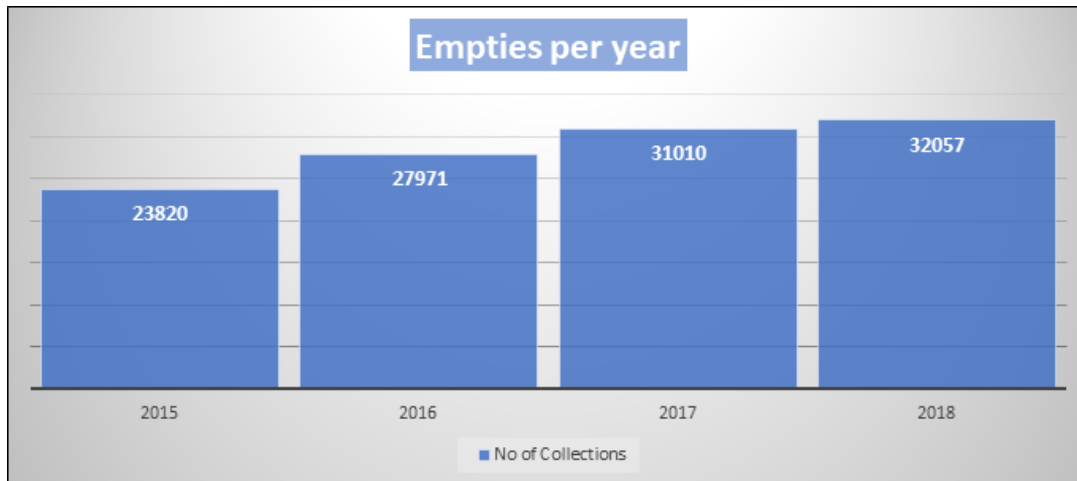

Fig. 5: Bin Collections 2015- 2018

It can be seen in Figure 1 that the waste collection rate from street bins is greatly increased during the summer months. It can be seen in Figure 2 that annual collections have risen since the introduction of the Smart Bins in 2015. There has been an increase of 35% in the number of collections. This is in parallel with an increase of approximately 40% in the weight of rubbish collected from street bins.

## Individual Bin Efficiency

The Clean Big Belly Bins online application gives access to information regarding each individual bin. Using this system, bins with a low collection frequency can be identified. We generally select the lowest frequency bins for relocation as needs arise in other areas.

The following images display the frequency of collections of each bin as an average number of days between collections.

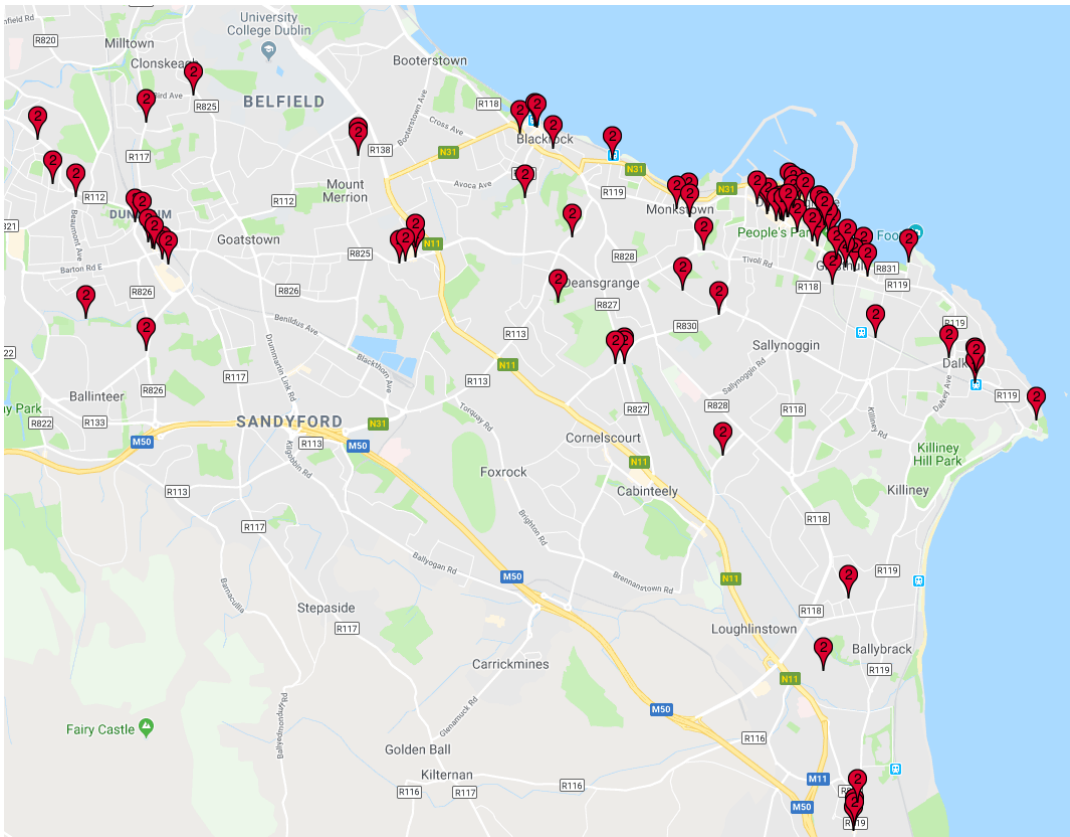

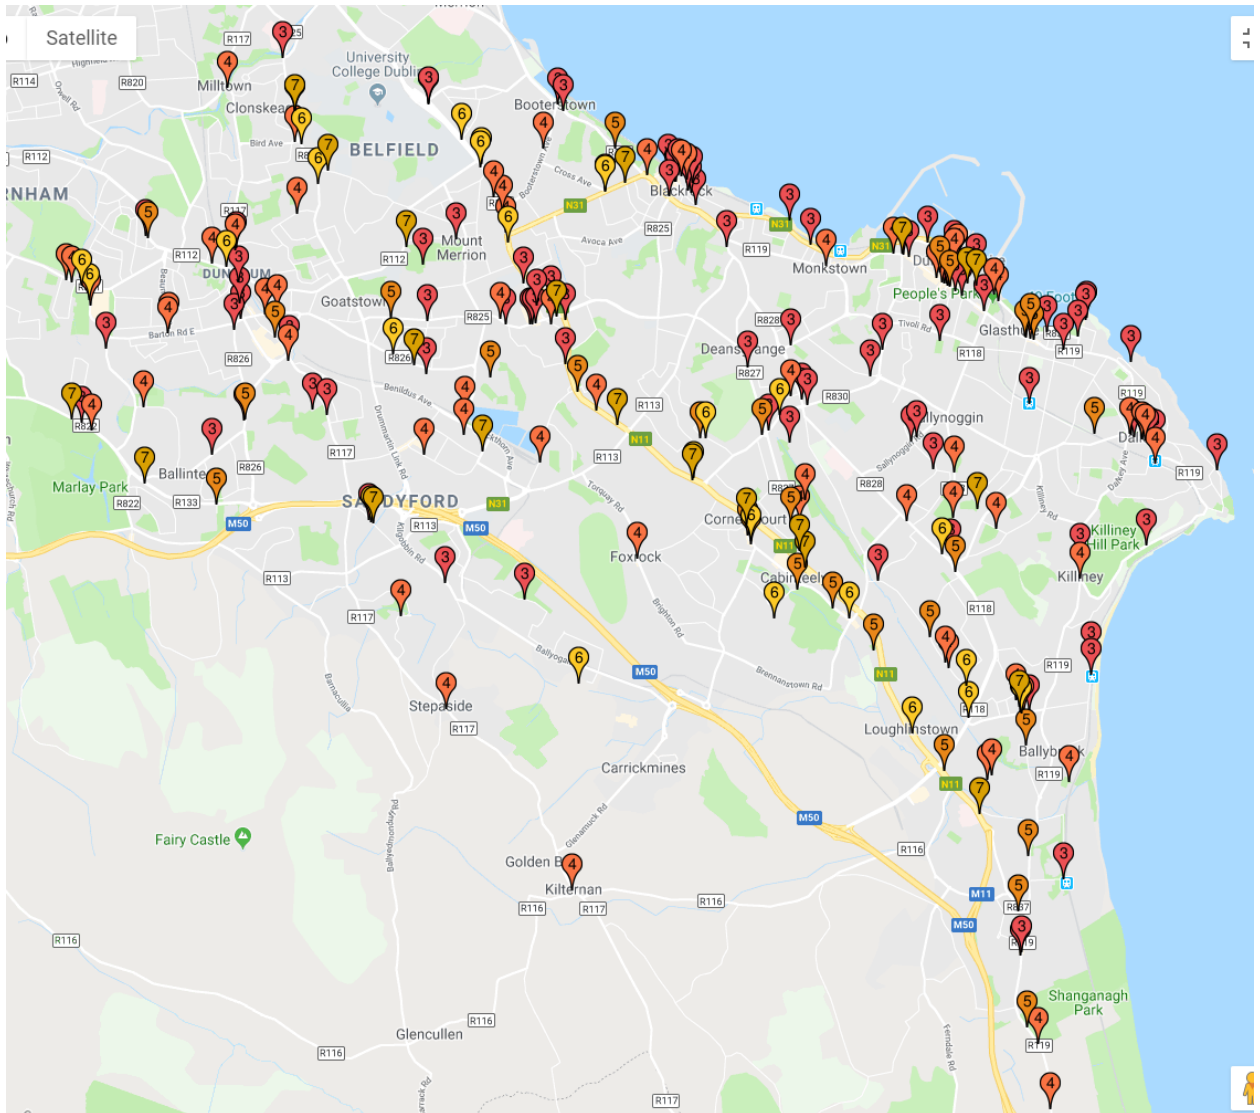

Fig. 6: Bins Requiring Emptying Once Every Two Days.

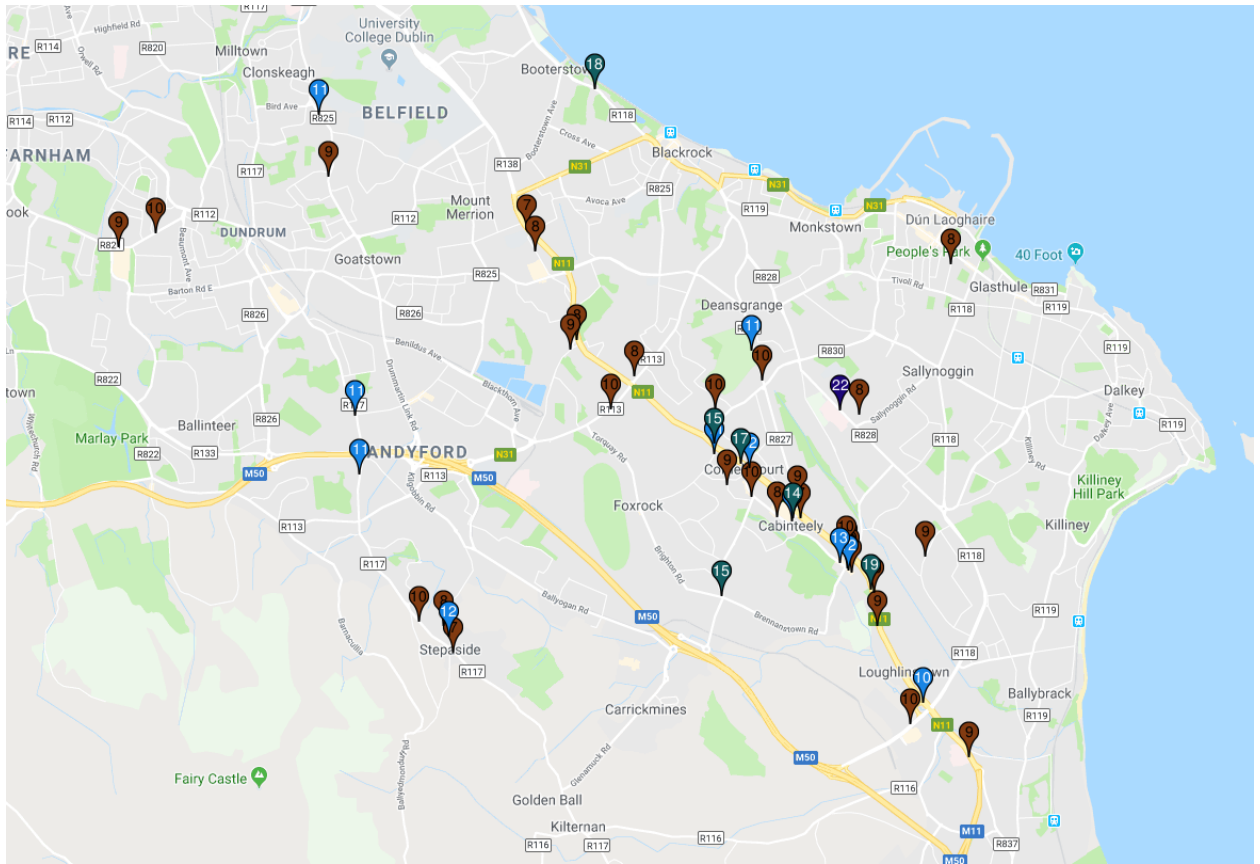

Figure 6 shows locations of bins requiring emptying every two days. 81 bins were collected every 2 days on average from April 1st 2018 to March 1st 2019. This has increased from 48 bins collected at this rate since the last report.

*Fig 7: Bins Requiring Collection with a Frequency of Between 3 and 7 Days*

Figure 7 shows locations of bins requiring emptying every 3 to 7 days. Analysis of the data reveals that the number of bins requiring collection rates of between 3 and 7 days has decreased slightly for the allotted period with 241 bins falling into this band, down from 264 in the previous report.

*Fig 8: Bins Requiring Emptying Every 8 Days or More*

Bins requiring collection every 8 days or more are shown in Fig 8. This number has greatly decreased since the last review from 73 to 49. This is due in part to better strategic placement of bins and increased usage. The bins that are least used are identified by green nodes.

## Operational Issues

As in the previous reports, DLR operatives have continued to observe increases in bin waste collection weights. This is mainly due to household and commercial waste disposal in and around street bins. On-going investigation into the disposal of household waste in street bins has shown that the level of household waste in street bins still accounts for approximately 50% of all waste disposed. Measures have been taken to reduce the household waste and these have been successful in some locations. However, household waste disposal remains a problem. Restrictors installed on specifically targeted bins have worked in some locations. However, the negative effect of restrictors is that the bin is more likely to block up and cause increased littering in the area. A pilot project of applying notices on bins informing the public of the illegality of dumping household waste in public street bins was run in 2018. This has not had any notable effect.

*Fig. 9: Cumberland St, Dún Laoghaire*

*Fig. 10: Lakelands Road, Stillorgan*

Figure 9 shows Household rubbish bags dumped at Bin 25 on Cumberland St, Dún Laoghaire.

Figure 10 shows Household rubbish bags removed from Bin 267 on Lakelands Rd, Stillorgan.

Cleansing Section Smart Bin Review March 2019	Revision: Version 2	Date: March 2019
Page 10 of 21		

*Fig 11: Bin 161 Household rubbish bags deposited in hopper at Ballybrack.*

Figure 11 shows a bin which is temporarily out of service because of illegally placed waste. The excessive bulk of such illegal waste is a major nuisance to the efficiency of the system as it blocks the hopper door and renders the bin unusable until a DLR operator arrives.

## Manual Handling Issues

Difficulties related to manual handling and excessive bin weights continue. Excessive weight in street bins is a direct consequence of the illegal disposal of both household and commercial waste which continues to be a significant problem.

The level of rubbish from the illegal disposal of household waste has increased the weights of bins up to over 50kg per bin in some locations. A new bin collection vehicle has been proposed and it will alleviate the manual handling issue by changing the bin collection operating procedure to the use of mechanical aid at the majority of locations, thus reducing manual handling requirements. It is anticipated that this vehicle will be placed in service by June 2019.

## Requests for New Bins

Requests are received regularly from members of the public, elected-members and residential associations for the installation of additional bins. At the street bin reviews all requests since the last review are considered. If additional bins can be made available by removal of underused and misused bins, and if the proposed location for a new bin meets with the requirements for optimal location of street bins (see appendix A), then the installation of a new smart bin in the most appropriate place or as near to the proposed location is considered.

99 requests for new bins were received from the public and elected representatives between May 2018 and March 2019. A list of these requests is shown in Appendix C. All of these requests were considered at this review.

## Removal of Bins to Facilitate Installation in Areas of Higher Demand

It has been proposed, following review, that the 15 bins listed below are to be relocated due to lack of use and misuse, and to allow for a positive response to new bins requests and the provision of bins in locations of higher need.

Area	Location	Removal Due To/ Bin Number
Cornelscourt	After Jct. at Kill Lane on N11 Southbound at bus stop	Not Providing efficient service / No 297
Blackrock	Rock Road, after Blackrock College	Not Providing efficient service / No 112
Cabinteely	N11 Northbound @bus stop before Cabinteely Village	Not Providing efficient service / No 220
Cornelscourt	N11 Northbound, after Junction Cornelscourt Village	Not Providing efficient service / No 243
Cabinteely	Clonkeen Road, same side of the road as Dunne's Stores	Not Providing efficient service / No 232
Dun Laoghaire	Marine Road, outside DLRCC	Sufficient Bins Located nearby / No 042
Dun Laoghaire	George's Street Upper, Scott's Bar	Sufficient Bins Located nearby / No 064
Dun Laoghaire	George's Street Lower @ Pig & Heifer	Sufficient Bins Located nearby / No 027
Dun Laoghaire	George's Street Upper, Mahony's & Ennis Pharmacy	Sufficient Bins Located nearby / No 058
Dun Laoghaire	Boylan Community Centre	Sufficient Bins Located nearby / No 039
Dalkey	Ulverton Place at Taxi-Rank	Sufficient Bins Located nearby / No 185
Stillorgan	Lakelands Roads at shops	Illegal disposal - household Waste / No 267
Sallynoggin	Sallynoggin Road outside Finnegan's Pharmacy	Illegal disposal - household Waste / No 140
Sandyford	Carmanhall Road, Sandyford industrial Estate, at shops No	Not Providing efficient service / No 255
Killiney	Killiney Hill Rd, Park Entrance at the Tea Rooms No 197	Not Providing efficient service / No 197

*Table 3: 15 No. Bins Identified For Relocation.*

In relation to the proposal to remove the bin on the Sallynoggin Road outside the pharmacy, it has been reported that this bin has been regularly used for the disposal of household waste and is creating a litter problem due to the bin being regularly overloaded. A restrictor is in place, but the restrictor becomes clogged with illegal household waste thus making the bin temporarily unusable. It has been decided that this bin will be relocated to another location in Sallynoggin where illegal waste disposal might be less problematic.

Figure 6 on the following page shows the negative effects caused by domestic household waste blocking a restrictor/hopper in Bin 140 on the Sallynoggin Rd, at Pharmacy.

Fig 6: Sallynoggin at pharmacy.

## Proposed Installation of New Smart Bins in Response to Requests

Taking into account the number of bins available for relocation, the cost of the purchase of additional bins, and the prioritisation of need for new bins based on the requirements for the placement of street bins, it is proposed to place 17 new bins in the following 16 locations:

Request Number	Requested By:	Area	Location
201860	Elected Member	Ballinteer	Stonemasons Way adjacent to Pitches
201866	Public Member	Blackrock	Newtownpark Ave at Jct. with Mount Albany
201822	Elected Member	Deansgrange	Pottery Road near New Shops
201928	Elected Member	Dundrum	By-Pass at/near entrance to Green Area
201827	Public & Elected Member	Dún Laoghaire	York Road, Dún laoghaire
201925	Public & Elected Member	Dún Laoghaire	Pearse Park - Sallynoggin (Entrance to park)
201848	Public & Elected Member	Glenageary	Honeypark on Glenageary Rd Upper
201927	Park's Dept.	Glenageary	Hudson Road at New Park
201836	Public Member	Goatstown	Drummartin Rd adjacent to GoatGrill Bar
201929	Public Member	Killiney	Jct. of Seafield Rd & Military Rd
20199	Elected Member	Sallynoggin	Sallynoggin Rd at entrance to laneway leading to Pearse Pk
201863	Public & Elected Member	Sallynoggin	Entrance to St. Josephs Football Pitch
201916	Elected Member	Sallynoggin	Sallynoggin Rd adjacent to Woodies
201823	Elected Member	Sandyford	Sandyford Industrial Estate <b>2 No. Bins</b> , Location TBC
201829	Elected Member	Stepside	Belarmine-Ferncarrig LUAS walkway on Village Road
201845	Public & Elected Member	Shankill	Shanganagh Cliffs, along cliff walk
201834	Public & Elected Member	Beaches	Recycling of Paper and Plastic- * Refer to Summary, Pt. 7

Table 4: Proposed Locations for New Bins – 17 New Bins.

## Proposed Purchase of Additional Smart Bins to Replace Stock Damaged

As it is proposed to remove 15 bins and install 17 bins, an additional 2 bins are required. In addition, an additional 6 bins are required in order to replenish the bins damaged in the preceding 10 months, with an extra 2 units to be held in reserve. It is therefore proposed to purchase 10 additional smart bins in the coming months.

## Summary of the March 2019 DLR Street Bin Review

1. 99 requests for additional bins were received since the last review.
2. 7 bins were temporarily removed from service due to excessive damage or vandalism. It is proposed to replace some of these bins once stock is available.
3. 15 bins are identified for relocation from areas of underuse or misuse to areas of higher demand.
4. It is proposed to purchase 10 new smart bins in order to replace damaged bins and facilitate requests for additional bins.
5. It is proposed to install smart bins in 17 new locations
6. Of the 99 requests for new bins received, 26 requests have been approved leading to the proposed installation of bins at 17 new locations, 9 requests remain under consideration and 62 requests have been denied.
7. It is proposed to install bins for recycling of paper and plastic waste at the main beaches during Summer 2019.

## Proposed Date for Next DLR Street Bin Review

The next Smart Bin Review will take place in November 2019.

The contact address for reports in relation to street bins, requests for removing existing bins, or requesting new bins is: [info@dlrcoco.ie](mailto:info@dlrcoco.ie)

Cleansing Section Smart Bin Review March 2019	Revision: Version 2	Date: March 2019
Page 15 of 21		

## Appendix A: Criteria for the Placement of Street Bins

The Cleansing Section receives requests for new bins regularly. These requests are considered at each street bin review with consideration given to the following factors:

- Whether some bins are under-used and could be more efficiently placed.
- Whether additional bins are required in areas considered to be litter black spots.
- Accessibility and mobility considerations, such as footpath width.
- Safe system of work - whether there is a safe place for council vehicle to pull in to safely empty the bin.
- Locations close to schools, shops and shopping areas are generally prioritised.
- The risk of vandalism at certain locations.
- Whether there is a high risk of disposal of household waste in particular locations such as in residential area.

It is generally found that most requests for new bins are proposed in locations in housing estates, areas where there is a high risk of vandalism or in locations where it is not safe from a traffic management point of view to maintain a bin.

The cost of providing and maintaining each street bin is approximately €1,500 per annum. It is important to ensure that street bins are optimally situated around the county.

## Appendix B: Bin Service in Parks

The Cleansing & Beaches Section manages the street bin service around the county. Big Belly Solar Powered Compacting Bins are used in most locations. Some of the old stock bins are still maintained in areas that are difficult to reach, for example at White Rock Beach and other locations that are managed daily by Cleansing Section staff. In addition, a small number of dog waste bins are provided and emptied daily at some beaches.

Bins provided in Marlay park and Cabinteely Park are maintained by the Parks Department. Reports in relation to the bins in these parks should be addressed to the Parks Department. In general, the Parks Department only place and maintain bins in staffed parks. It is expected that, in accordance with the Litter Management Plan, visitors to other parks in the Dún Laoghaire-Rathdown area take their rubbish home with them or dispose of it in the nearest street bin.

Cleansing Section Smart Bin Review March 2019	Revision: Version 2	Date: March 2019

## Appendix C: Requests for New Bins Received between May 2018 and March 2019

Request	Request by	Area	Location
201920	Elected Member	Ballinteer	Lambs Cross Community Centre
201937	Public Member	Ballinteer	Request bin at Centra on Grange Road, Rathfarnham
201860	Elected Member	Ballinteer	Near the playing pitches and green area of Stonemasons Way
201859	Elected Member	Ballinteer	Entrance to Hillview in Park at Meadowbrook
201858	Elected Member	Ballinteer	At bend in Ludford Drive
201853	Public Member	Ballybrack	Entrance to Watson Drive (Estate) and outside Tesco
201919	Public Member	Blackrock	Newtownpark Park Lands at Mount Albany
201866	Public Member	Blackrock	Newtownpark Avenue/Blackrock/surrounding services
201833	Public Member	Blackrock	Outside Cantrell & Crowley Architects, Woodlands
20192	Public Member	Blackrock	Request bin in park 'Rockies' between Castlebyrne Park & Avondale
201865	Public Member	Blackrock	Carysfort Park
201839	Public Member	Blackrock	Outside Cantrell & Crowley Architects, Woodland
201912	Elected Member	Blackrock	At the entrance to "The Rockies" Castlebyrne Park
201935	Public Member	Blackrock	Request public bins at Blackrock Sea Front
201847	Elected Member	Blackrock	Request for 2nd Bin outside Clonkeen College
201924	Public Member	Blackrock	Request litter bin Stradbroom Rd at Greenville Rd bus stop
201843	Public Member	Boosterstown	At bus stop at junction of Rock Road & Grotto Ave
201851	Public Member	Cherrywood	Request bin near Luas stop in Cherrywood & Druidsvalley Area
201939	Public Member	Churchtown	Beaumont Avenue at Jct. at Weston Park
201830	Public Member	Churchtown	Outside Spar shop on Braemor Road
201831	Elected Member	Clonskeagh	Jct Maples/Birds Avenue & Jct. Wynnsward Dr & Clonskeagh Ave
201921	Public Member	Dalkey	Replace bin outside the Cúala GAA grounds
201915	Public Member	Dalkey	Reinstate bin at Cúala GAA - Previously burnt-out in Oct '18
20191	Public Member	Dalkey	Hyde Road (Cúala GAA Grounds)
201854	Public Member	Dalkey	Request for bin at Cúala Playing Field - Football Pitch
201936	Public Member	Dalkey	Cúala playing field- request for new bin at this location
201822	Elected Member	Deansgrange	Outside new Bus Stop on Pottery Road
201845	Public Member	Dún Laoghaire	Request Dog/Litter bins at Shanganagh Cliffs & Shankill beach
201848	Elected Member	Dún Laoghaire	Request for bins between Honey Park and Sallynoggin roundabout
201835	Public Member	Dún Laoghaire	Requesting more Dog Litter bins - Killiney/Dalkey/Sandycove
201872	Elected Member	Dún Laoghaire	Relocate bin on Dublin Road, Shankill (near Olcovar)
201819	Elected Member	Dún Laoghaire	Outside Scrumdiddlys
201827	Elected Member	Dún Laoghaire	Bus Stop on York Road
201837	Public Member	Dún Laoghaire	Request for bins in Clarinda Park East
201846	Public Member	Dún Laoghaire	Request for bins in St Raphael's Park/Leopardstown Tennis Club
201933	Public Member	Dún Laoghaire	Request 2 Bins with Ashtrays on opposite side to Centra, Marine Rd.
201840	Public Member	Dún Laoghaire	Between de Vesci Terrace pedestrian walkway & Cumberland St
201850	Public Member	Dún Laoghaire	Request Bin at Cross Avenue
201913	Elected Member	Dún Laoghaire	Litter Bin outside Bookies at Oliver Plunkett Road
201876	Public Member	Dún Laoghaire	Near Council building on Crofton Road & Marine Road
201842	Public Member	Dundrum	Litter bin request-along river Slang, Ashlawn in Dundrum
201822	Public Member	Dundrum	Outside Hair Salon, Willow Road, Wyckham Park
201855	Public Member	Dundrum	Rosemount Park
201844	Public Member	Dundrum	Bin request at Balally Luas Stop at Wyckham Point
201832	Elected Member	Dundrum	At Rosemount Football Pitch
201928	Elected Member	Dundrum	At entrance to open space north of Castlebrook, on Dundrum By-Pass
201914	Elected Member	Dundrum	Litter bin at Taney playground, Mountville
201914	Elected Member	Dundrum	Litter bin at Taney playground, Mountville
201930	Public Member	Dundrum	Install a bin at entrance to Finsbury Park
201922	Elected Member	Dundrum	Bin to be installed along the River Slang at the Wyckham bypass bridge

Table 7: Requests For New Bins: May 2018 – March 2019

## Appendix C: Cont'd

Request	Request by	Area	Location
201931	Public Member	Dundrum	Bin request for St. Columbanus Road
201841	Public Member	Dundrum	Request Bin- Lynwood at bridge junction Wyckham Way
201911	Elected Member	Foxrock	Bin Request for green area, at Foxrock Court
201932	Public Member	Glenageary	Request for bin near shopping centre at Glenageary Road Upper
201927	Park's Dept.	Glenageary	Big belly bin for Hudson Road at new park
201868	Elected Member	Glenageary	Junction of the Metals & Adelaide Road
201861	Elected Member	Glencairn	Ramp at the Glencairn LUAS stop
201836	Public Member	Goatstown	Request for bins near bus stops in Goatstown near the GoatGrill pub
201856	Public Member	Goatstown	Goatstown Avenue bus stop
201857	Public Member	Goatstown	Goatstown Road bus stop
201862	Elected Member	Kill Avenue	College of Art & Design bus stop at Kill Avenue
201917	Public Member	Kill Avenue	At bus-stops opposite Inst. of Art & Design near Educate Together Sch
201864	Public Member	Kill of the Grange	At bus stop at Rose Park (facing college)
201929	Public Member	Killiney	Reinstate the Bin at Start of Station Rd, near Holy Cross Sch
201825	Elected Member	Killiney	Green-area, Shanganagh cliffs/Killiney Beach/Bayview-Seafield/Corbawn
201938	Elected Member	Killiney	Entrance to Seafield Court Estate
201910	Elected Member	Killiney	Adjacent to the large open space at Ballinclea Heights
201870	Public Member	Killiney Beach	Killiney Beach - to the left of the Lifeguard's Hut
201875	Elected Member	Kiltarnan	At Kiltarnan Church of Ireland National Sch on Enniskerry Road
201867	Public Member	Leopardstown	Outside main entrance to Leopardstown racecourse
201869	Public Member	Leopardstown	Bus stop 3176 on Leopardstown Road
20195	Public Member	Mount Merrion	Request for new litter bin at bus stop at Greygates
20196	Public Member	Mount Merrion	In the playground in Deerpark
201826	Elected Member	Nutgrove	Bin 366 outside Nutgrove Retail Park – Request restrictor removal
20193	Public Member	Nutgrove	Carrickmount Avenue
201871	Public Member	Nutgrove	Loreto Row, replace burnt-out bin
20199	Elected Member	Sallynoggin	On the laneway between Pearse Gardens and Sallynoggin
20197	Elected Member	Sallynoggin	On the laneway between Pearse Gardens and Sallynoggin
201820	Elected Member	Sallynoggin	Outside Bus stop-Bin Removal
201863	Public Member	Sallynoggin	Entrance to St. Josephs Football Pitch
201925	Public Member	Sallynoggin	Pearse Park - Sallynoggin (Entrance to Pearse Park)
201923	Elected Member	Sallynoggin	Request for bin at entrance to Pearse Park
201916	Elected Member	Sallynoggin	Request for bin outside Woodies in Sallynoggin
20198	Elected Member	Sallynoggin	On the laneway between Pearse Gardens and Sallynoggin
201874	Elected Member	Sallynoggin	At Bus stop at Woodies or relocate from opposite side of road
201926	Public Member	Salthill	Request for bin in Park in Salthill (Beside Dart Station)
201834	Public Member	Sandycove	Requesting Recycling Bins at Sandycove
201823	Elected Member	Sandyford	Additional bins in Sandyford Industrial Estate
201821	Public Member	Seapoint	Bin request for Seapoint Carpark
201852	Elected Member	Shankill	Shankill Dart Station - Litter bin was removed, request reinstallation
201918	Public Member	Shankill	Request bins in main park and over bridge near beach
201944	Elected Member	Shankill	Request for Bin at Quinn's Rd end entrance to Shanganagh main Park
201824	Elected Member	Stepaside	Walkway from Village Road to Ferncarrig Ave
201829	Elected Member	Stepaside	Belarmine & Stepside Area (walkway to LUAS)
201828	Elected Member	Stepaside	Near the Luas walkway - Belarmine
201849	Public Member	Stillorgan	Request for bin outside the Priory on the Stillorgan Road
201838	Public Member	Stillorgan	Request for new bins at Stillorgan Bowling Alley
20194	Public Member	Stillorgan	Rockfield Park
N/A	Litter Warden	Sandyford	Removal of Smart Bin on Carmanhall Road, Sandyford Ind. Estate

Table 7(cont'd): Requests For New Bins: May 2018 – March 2019: Total 99

## Appendix D: Bins to be Relocated

Area	Location	Removal Due To/ Bin Number
Cornelscourt	After Jct. at Kill Lane on N11 Southbound at bus stop	Not Providing efficient service / No 297
Blackrock	Rock Road, after Blackrock College	Not Providing efficient service / No 112
Cabinteely	N11 Northbound @bus stop before Cabinteely Village	Not Providing efficient service / No 220
Cornelscourt	N11 Northbound, after Junction Cornelscourt Village	Not Providing efficient service / No 243
Cabinteely	Clonkeen Road, same side of the road as Dunne's Stores	Not Providing efficient service / No 232
Dun Laoghaire	Marine Road, outside DLRC	Sufficient Bins Located nearby / No 042
Dun Laoghaire	George's Street Upper, Scott's Bar	Sufficient Bins Located nearby / No 064
Dun Laoghaire	George's Street Lower @ Pig & Heifer	Sufficient Bins Located nearby / No 027
Dun Laoghaire	George's Street Upper, Mahony's & Ennis Pharmacy	Sufficient Bins Located nearby / No 058
Dun Laoghaire	Boylan Community Centre	Sufficient Bins Located nearby / No 039
Dalkey	Ulverton Place at Taxi-Rank	Sufficient Bins Located nearby / No 185
Stillorgan	Lakelands Roads at shops	Illegal disposal - household Waste / No 267
Sallynoggin	Sallynoggin Road outside Finnegan's Pharmacy	Illegal disposal - household Waste / No 140
Sandyford	Carmanhall Road, Sandyford industrial Estate, at shops No	Not Providing efficient service / No 255
Killiney	Killiney Hill Rd, Park Entrance at the Tea Rooms No 197	Not Providing efficient service / No 197

Table 3: 15 No. Bins Identified For Relocation.
