

DUN LAOGHAIRE RATHDOWN

OCTOBER MONTHLY MANAGEMENT REPORT

1 October – 29 October 2020

At midnight on Wednesday 21st October, the entire country was placed on Level 5 of the Framework for Restrictive Measures for a period of 6 weeks to the 1st December. This Framework was announced as part of the Government's [Resilience and Recovery 2020 – 2021 Plan for Living with Covid-19](#).

The Crisis Management Team reconvened to discuss the implications of Level 5 and the business continuity plan with regard to essential services.

These essential services continue to be provided, on a reduced level of service in some cases.

Libraries are closed to the public at present, as are leisure centres and swimming pools. Community Centres, parks and playgrounds, allotments and cemeteries remain open.

An appointment is required to be pre-arranged in order to access Council buildings.

Updates on services affected, by department are detailed below:

Libraries

1 – 21 October: Dublin City and County remained in **Level 3** of the [Plan for Living with COVID-19](#), offering our Bag a Book: Contact & Collect service. The national online catalogue remained available, so books could be reserved for collection at any dlr Library branch.

22 – 31 October: Following a Govt. announcement on 19 October, all counties in Ireland moved to **Level 5** of the Plan for Living with COVID-19 for a period of 6 weeks from 22 October to 1 December. A move to Level 5 meant that our Contact & Collect Service had to discontinue, and the national reservations systems and delivery system had to cease.

Community Call Book Drop

Staff in dlr LexIcon remain available to deal with requests received by the Book Drop service. For more information on how to avail of this service, please contact the dlr Community Call helpline on Freephone 1800 804535, 01 2723199 or email covidsupport@dlrcoco.ie. Alternatively, you can contact dlr LexIcon staff directly on 01 2801147 or via email at dlrlexiconlib@dlrcoco.ie.

The Community response to Covid-19 is being led and coordinated by **Dún Laoghaire-Rathdown County Council** in collaboration with a wide-range of stakeholders in the Community Response Forum, supported by a wide range of community and volunteer groups.

Community Response to Covid 19:

- Helpline and email address set up and promoted across all communication channels
- Operates 7 days a week from 8 am to 8 pm
- The Community Call Helpline has dealt with 3900 calls since it commenced on 30 March and issues range from shopping, pension, medical, loneliness and isolation
- 100 calls were received in October and issues range from information requests on Covid-19, requests for updates on Council services during the levels of the Plan for Living with Covid, also requests for library books
- With the upgrade to Level 5 of the Framework of Restrictive Measures, the Community Response Forum is meeting on a weekly basis at present to support in coordinating

the provision of a multi-agency response to the individuals in the community that are negatively impacted arising from the measures implemented by the Government to stem the spread of Covid 19.

Health & Wellbeing Initiatives:

Against the background of the Covid Restrictions, it was necessary to develop a range of initiatives to support health and wellbeing in our communities. The priority was to encourage communities to keep fit and active, stay connected and support them in looking after their mental health. Initiatives were rolled out across Libraries, Sports and Physical Fitness, Arts, Heritage and Biodiversity. The Council also partnered with Making Connections, that primarily looks after the elderly, in delivering a range of individual initiatives, in the community to help isolated individuals to connect with their neighbours.

Heritage

Developing Covid-friendly winter guided heritage walks (to include TY students) for when Level 5 restrictions end. Funding received from National Community Monument and Creative Ireland stimulus funds for heritage projects. Free virtual poetry workshop will be offered to 15 participants as part of heritage project at Marlay House. Planning for heritage buildings to be lit up as part of overall Christmas light up.

Municipal Services

All sections are working closely with the Gardaí to assist in social distancing in public areas, including parks, open spaces, beaches, harbours and piers.

Water Services: all essential services continue to be provided, including water supply, drainage services including surface water management and flood management. All essential repairs, operational and maintenance works are continuing, routine and other works have resumed.

Road maintenance: the level of activity is at normal service with the majority of outdoor staff in operation. Essential operations including emergency repairs and upkeep, winter maintenance, responses to Gardaí and traffic accidents continue to be dealt with, and Road Resurfacing & Footpath upgrade programmes are in progress.

Cleansing/Street cleaning: all Service are resumed, including litter removal, street sweeping/cleansing and litter bin emptying. Level of activity has increased with all outdoor staff back in operation.

Traffic: During the Covid 19 pandemic, the Council carried out a number of interventions to improve facilities for pedestrians and cyclists. This included the provision of cycle lane protection at a number of junctions and routes and the provision of wider footpaths using bollards and cones to facilitate physical distancing in towns and villages. In addition, village improvement schemes were carried out at Blackrock, Dundrum, Glasthule and Dalkey.

In July, as part of a Stimulus package, the Government announced total package of just over €100m to support sustainable mobility. As part of this, about €9.0 million was allocated to Dun Laoghaire Rathdown County Council for 65 schemes. This funding will be used for such interventions as cycle lane protection schemes, improved footpaths and road surfaces, and improved cycle links through parks.

Beaches/Harbours/Piers: All services have resumed.

Local Enterprise Office and Economic Development Unit

Covid-19 has resulted in a huge increase in support provided by the Local Enterprise Office. A new voucher scheme was launched in April 2020, while demand for existing support schemes e.g. Trading Online Vouchers and mentoring have increased significantly.

- Microfinance Ireland provided a COVID Business loan of up to €50,000 with a 6-month holiday on capital and interest payments, with a 1% discount (effective rate of 4.5%) if applied for through the LEO. We are partners in this scheme providing mentoring assistance to support client's applications. Annual targets already exceeded. A new loan has recently been launched, providing up to €25,000 with similarly favourable credit terms, and an additional interest rebate available for months 7-12.
- In an effort to give companies specialist advice, a Business Continuity Voucher was introduced. It was open for applications in April and closed 15th May 2020. A maximum of €2,500 was made available to eligible businesses to help support them in activities that could include producing business continuity plans, assessing cashflow and reduce costs, explore supply-chain finance options, and preparing business cases for emergency financial support. The Local Enterprise Office received **462** applications. **335** were approved to a value of **€699,527.50**.
- An improved Trading Online Voucher scheme with 90% funding was introduced. The annual allocation for 2020 was originally 55, but this was increased in response to Covid-19. To date the numbers of applications received are ten times higher than the annual application number.
- Mentoring - annually the Local Enterprise Office would expect to receive approximately **100** applications for one-to-one mentoring. Again as a result of the impact of Covid-19 and the provision of additional supports to businesses the office has processed **364** applications to date.
- General Supports – There has been an increase of at least 50% in general support queries, and requests for client meetings.

A special page has been set up for the specialised [LEO Covid supports](#) which has details of all the government supports for businesses in these difficult times.

In addition to helping companies adopt best practices in dealing with crisis, the Local Enterprise Office (LEO) is continuing to provide a full range of training supports, details of which are available [here](#).

The Economic Development Unit introduced the Street Furniture Grant to provide support to food service-based businesses introducing or expanding their outdoor seating. The Shopfront Improvement Scheme has seen increased take-up in 2020, with twenty applications having been received to date.

A Covid Seasonal Fund was also approved at the September Council meeting. This initiative will provide support to towns and villages across the County by delivering funding towards lighting and decorating commercial areas for the festive season. A total of five applications were received under the scheme up to October 28th. The Unit will also be running a Shop Local campaign over the coming weeks, encouraging shoppers to shop locally and safely online where possible.

Infrastructure and Climate Change:

The Directorate is continuing its work on the following CoVid19 interventions and Active travel programme.

- Active Travel Programme for Schools Reopening
- Priority works on strategic sections of cycle/walking network for return to schools

- Covid-19 interventions: Coastal Mobility Route, Dundrum, Dalkey, Glasthule & Blackrock

Regular briefing sessions with the Elected Members on these works are continuing.

- The Directorate continues to respond to environmental, waste and litter pollution incidents, as needed, and such incidents are recorded and managed as usual through the Civic Hub and the CRM system.
- The Council's waste recycling facilities remain open (at Ballyogan, Eden Park and Shanganagh) with social distancing and other HSE recommended protocols in place and the Council-operated Bring Banks continue to be serviced and made available for use by the public. Activity at these sites during CoVid 19 has increased compared to the same months last year.

Forward Planning Infrastructure

- The Directorate continue to engage with applicants, their representatives and other state agencies as part of on-line systems to include tele / video conferencing to facilitate workshops and reporting in the assessment of the Cherrywood Planning Scheme.
- Work continues in progressing the project designs and tender documentation of the Cherrywood Urban Regeneration Development Fund (URFD) - Parks, Greenways and Attenuation project, as well as the Cherrywood LIHAF project for the Druid's Glen Road.

Architectural Services

- Services have resumed for everything except on-site work for bathroom upgrades in occupied homes.

Housing

- With the move to the further restrictions of Level 5, the Housing Department as an essential service, continues to operate although with some additional health and safety restrictions. Essential services including Homeless & Welfare, Allocations, HAP and emergency Housing Maintenance works are being progressed with additional supports provided as required to the vulnerable including the Travelling Community. Social Housing Construction projects will continue uninterrupted and applications for Housing Adaptation Grants for Older Persons and People with a Disability continue to be processed.
- Staff continue to engage with home loan borrowers and tenants who have been affected by a loss of or reduced income as a result of the pandemic.

Finance

RATES WAIVER: On the 13th October, 2020, a further 3 month commercial rates waiver was announced. This will be automatically applied to Ratepayers accounts and we will write out when applied.

The total value of the waiver for the 9 months will be €40.4m. for 4,300 ratepayers.

RATE SUPPORT GRANT: The rate support grant for ratepayers whose rates bill is less than €21,019 remains in place. The Scheme provides for those eligible to receive a grant ranging from €300 – €800 subject to meeting the terms and conditions of the Scheme. The Scheme has been revised to extend the date to pay the 2020 rates bill (including

arrears if any) in full or enter into an agreement to pay from the 1st July to the 1st November 2020.

There is no need to apply for the grant. If ratepayers qualify, it is automatically applied to their accounts.

RESTART GRANT: Qualifying businesses will receive a grant equivalent to their commercial rates demand for calendar year 2019, subject to a minimum grant of €4,000 and a maximum of €25,000. The minimum and maximum have been increased due to additional top ups. Total top ups for Dublin is 50% for all businesses and a further 40% for 'Wet Pubs'.

We have received 3,297 completed applications and declaration forms to the 29th October, 2020, with an estimated value of €21.8m. We are currently working on a further 20% top up for circa 2,483 applicants whose applications have been approved.

The top up is due to the additional restrictions in Dublin from 7th October 2020. The total approved applications are 2,483, with a value of €18.6m to 29th October 2020.

ACCOUNTS PAYABLE: Accounts payable are continuing to work to ensure suppliers are paid as quickly as possible to assist with their cash flow requirements.

FINANCIAL MANAGEMENT: The impact of Covid-19 has had a significant detrimental impact on the Council's financial position. Budgets and cash flow continue to be monitored closely.

Planning:

- The Planning Department is operating in accordance with the revised time frames set out by the Ministerial Orders. The Orders disregard the period from the 29 March 2020 to the 23 May 2020 (inclusive), 56 days/8 weeks, when calculating statutory timeframes.

Corporate Affairs:

- The monthly October Council meeting took place in the Ferry Terminal where social distancing and public health procedures could be implemented to create a safe environment.
- The new dlrMeetingPoint, meeting system was successfully launched at the October meeting for use by all Elected Members and officials
- As a result of the country entering Level 5, the Group Leaders' meetings are now being held on a weekly basis
- Level 5 implications were the focus for the Communications Unit during October to ensure the public had all the necessary information on the impact of this level on Council services.
- The meetings of all staff Covid reps within the organisation continue, with emphasis on Level 5 impacts. These meetings keep staff fully informed in order to put in place arrangements to ensure the continued provision of services in a safe workplace environment.

Dun Laoghaire Harbour and Town Studies

Work has commenced on developing the Economic Plans for Dun Laoghaire Harbour and Dun Laoghaire Town. The Stakeholder Engagement Campaign underpins both plans that will generate new ideas for the sustainable regeneration of the Town and the Harbour. The intention is that this exercise is undertaken across four phases:

- **Inform: Initial Workshop/Meeting and Exploratory Interviews with key stakeholders that will inform key stakeholders of the project objectives**
- **Invitation for submissions**
- **Consultation: Preparation of detailed surveys**
- **Structured interviews**

Arising from the restrictions introduced to stem the spread of Covid-19, the Council had delayed this process to date. It has however recommenced now and various stakeholder engagements are expected in the coming weeks.

Events for Children

Musical Storytime

We've partnered again with our colleagues in Music Generation dlr to curate a series of online musical storytimes, with library staff and musicians from local music schools. These sessions are pre-recorded safely in library spaces for posting on our Facebook page for families to access during October, November and December.

Children's Book Festival 2020

October means Children's Book Festival in dlr Libraries. This year, instead of programming in-library events, we programmed online live and recorded events for families and for schools. Sarah Webb helped us curate a series of events that included *Greetings Heroes: The Impossible Library Family Show* with Dave Rudden, Catherine Doyle and Graham Tugwell. *To the Island* with Patricia Forde, which was a live dual language workshop. Ashwin Chacko brought us his *Wondrous Shapes*, story and art workshop. *Why the moon travels* with Oein De Bhairduin and Leanne McDonagh got us thinking, while mindfulness and dealing with worries was talked about by Dawn Nolan in her *Where does happiness begin?* and *What to do with a worry* workshops. Sport, especially rugby, took centre stage when Gordon D'Arcy, Paul Howard and Alan Nolan came together for a live webinar **Gordon is Back!** All these CBF online events were fully booked in advance.

Launch of dlr Scéal Trail

As part of Children's Book Festival 2020, dlr libraries were delighted to launch our first **dlr Scéal Trail** on 21 October. This is a brand new, exciting outdoor reading initiative, an outside story walk that everyone can enjoy. It's a book delivered in an exhibition format that anyone can follow, from beginning to end, as they walk with their family or friends. For our first Scéal Trail, we chose the book *Geansaí Ottó* by the dlr Writer in Residence 2019/20 Sadhbh Devlin, written by her during her residency in dlr LexIcon.

The aim of the dlr Scéal Trail is to encourage reading in an outdoor setting, promote the use of books beyond the confines of library spaces, advertise the dlr Writer in Residence Programme and to showcase the great work the residency gives possibility to and encourage intergenerational engagement where parents, children, grandparents, siblings and friends can engage together with a book.

Mid-Term Break events

To keep the little ones busy and amused during mid-term, we programmed a selection of Halloween-themed events. These included *Creepy Creatures art workshop* with Kim Jenkinson, *Making Potions and Wands workshop* with Aoife Munn, *Pumpkin Carving Class* with Aoife Munn and *Spooky Stories* with Helena Byrne
