

School Zone Initiative

The Council has also launched its trial School Zone initiative, which forms part of larger Active School Travel initiative. The Council will be working with Carysfort NS, to implement measures to prevent obstruction of school entrances and footpaths by vehicles, making it safer for those who walk and cycle to school. This will also include temporary traffic calming measures in the vicinity of the school. In the longer term, the Council will work with the school, the wider community, the NTA and An Taisce, to put in place more sustainable measures such as additional pedestrian crossings, markings, and more permanent traffic calming measures. This trial will inform appropriate approaches and measures that may be used elsewhere in the County in the future.
