About the Gallery and our Visitors

The Gallery is on the third floor of dlr Lexlcon, Haigh Terrace, Moran Park, Dún Laoghaire. It is funded by Dún Laoghaire-Rathdown County Council and managed by the Council's Arts Office. We provide opportunities for people of all ages to engage with the visual arts. Gallery visitors are a mix of library users, local people, local arts community, tourists, and day visitors.

The Gallery is not supervised, and it is a busy space. We ask you to think about this when making your application and to consider how your artwork is made and presented. Most of the time, we will insure the artwork while it is in dlr Lexlcon. If your work is delicate, we may only agree to exhibit it if you are happy to take the risk. You would need to sign an indemnity letter for dlr County Council and accept that the work is uninsured by us and is exhibited at your own risk.

All artworks must be suitable for a general audience, including children and young people.

Accessibility and Exhibition Labels

Our Gallery is in a public library, your work will be seen by a broad audience, including people who do not regularly visit galleries. We aim to make exhibitions accessible and welcoming to all.

Each exhibition will have a large board (A0 size) with a description in Plain English, hung on the wall inside the entrance to the Gallery. Museum-quality labels will be used for artworks, and you may choose between two sizes:

- 100 x 50 mm
- 100 x 150 mm

The label text will be at least 11-point sans serif font (simple modern font) to make sure that it is easy to read.

If you would like to include more information about your work, we will put this onto an A4 sheet and have copies available in the Gallery for visitors.

There is seating in the Gallery for every exhibition, and you must be happy to have seats in the Gallery area. There are two specially made benches, each seat three people.

Lighting is important and we do not programme exhibitions which need very low levels of lighting in Gallery One. Gallery Two was designed to show screen-based work. There is a wall-mounted projector permanently installed in that space. The lights may be left low or off to show film/video work in Gallery Two.

If you are selected, your contract will include clauses around accessibility and labelling. If you would like to talk to us in advance to see if your exhibition is a good fit, please contact us. You can do this by email arts@dlrcoco.ie or telephone (01) 236 2759.

How will we select the artists?

The applications will be assessed in two stages in a competitive selection process. This means that applications are marked in comparison to each other. We will use the same Scoring System for Stage One and Stage Two.

In **Stage One**, a group of independent art experts, who do not work in the Arts Office, will review your application. This group includes working artists. A shortlist of all applications that receive over 70 marks out of 100 in this assessment will move on to Stage Two. We will not consider applications that receive less than 70 marks.

In **Stage Two**, the Arts Office team will assess the shortlisted applications. We will mark them and the highest scoring ones will be selected. The minimum mark required at Stage Two is 80 out of 100.

We will keep a list of all the shortlisted applications that score over 80 marks at Stage Two for two years. We will use this list to select more exhibitions if we receive more funding. We will start with the applicant who has the highest score.

The decision of the selection panel will be final and will be based on the scoring system that is outlined below. If no application reaches the minimum marks, we will not choose an exhibition from this process. We will then use a different selection process instead.

Scoring System:

1. How suitable your exhibition is for a gallery in a public library: (40/100)

- The panel will assess if your exhibition idea fits into the Gallery Programme. They will look at the medium and themes of your work. Arts Office team members with specialist experience will assess how your idea fits within the Gallery Programme.
- Please think about who the visitors are to the Gallery in dlr LexIcon. The audience is a mix of library visitors, local people, local arts community, tourists, and day visitors. The work submitted must be suitable for viewing by adults and children.

2. Quality of your previous work (40/100)

- The panel will assess your track record as an artist as shown in your application, including your technical skill with materials and technique. This mark will be based on your CV, support material and references.

3. Your previous experience of delivering similar exhibitions/projects (20/100)

- Please give examples of past exhibitions or projects that are similar in size and type to this opportunity.
- Your examples should show that you managed and delivered the project on time and within budget.

We want our audiences to know how artworks are made. If you've used any kind of artificial intelligence (AI) in creating your work — even just a part of it — please let us know when you submit your application.

This includes tools like:

- DALL·E, Midjourney, Runway, ChatGPT, Adobe Firefly, or similar
- Any software or app that uses AI to help generate images, text, video, or sound

Please tell us:

- If you used AI in creating the artwork you are submitting.
- If you are selected, if you plan to use AI in developing the work before the exhibition.

If your work is selected, we will note on the exhibition labels that AI was part of the creative process.

Insurance

We must make sure that any external person or company working with us on a project such as this has insurance cover in place. If you are selected for a commission, you will need to have Public Liability Insurance in place up to a limit of €6.5 million. Public Liability Insurance covers your legal liability to pay damages to members of the public for injury, loss, or damages, which occur because of your activities. The insurance policy must indemnify (cover) Dún Laoghaire-Rathdown County Council.

If you employ another person to work with you, you will also need Employers Liability Insurance to a limit of €13 million (this will only be needed if the person working with you does not have an insurance policy of their own). These are standard insurance policies and several companies in Ireland provide them for artistic activities.

Freedom of Information

The Freedom of Information Act 2014 applies to Dún Laoghaire-Rathdown County Council. This Act gives people the right to request information held by public authorities and the right to have personal information held about them corrected or updated where the information is incomplete, incorrect, or misleading.

Any information you provide for this application will be held for one year from the date you submit it and will only remain in the ownership of Dún Laoghaire-Rathdown County Council Arts Office. We will only use the information you give in your application to administer and managing the Visual Art Commission, and selection process (this will include several external panel members who will read your application).

You may withdraw your consent for us to keep your application information at any time by sending an email to arts@dlrcoco.ie
