## DECEMBER MONTHLY MANAGEMENT REPORT

1 December – 17 December 2020

From 1<sup>st</sup> December, we reverted to Level 3 with the re-introduction of services that has closed during Level 5 as per the framework. This Framework was announced as part of the Government's <u>Resilience and Recovery 2020 – 2021 Plan for Living with Covid-19</u>.

Essential services continued to be provided, while libraries re-opened to the public.

Members of the public were provided with appointments to the relevant department in order to access services within Council buildings.

Updates on services affected, by department are detailed below:

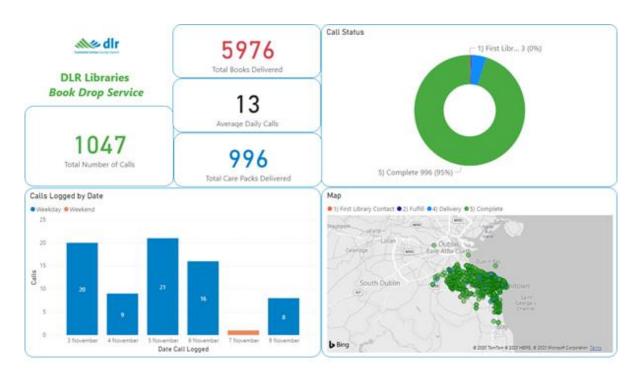

#### Libraries

1 December: All counties in Ireland moved to **Level 3** of the Plan for Living with COVID-19. This meant that our library spaces were once again open for quick browsing, printing or photocopying, our Bag a Book Contact & Collect service was re-instated, and the national reserves system was available again.

In line with Government guidelines, we are unable to provide any service which involves seating including PC access, general seating, study spaces or live events in our spaces.

#### Health & Wellbeing Initiatives:

Against the background of the Covid Restrictions, it was necessary to develop a range of initiatives to support health and wellbeing in our communities. The priority was to encourage communities to keep fit and active, stay connected and support them in looking after their mental health. Initiatives were rolled out across Libraries, Sports and Physical Fitness, Arts, Heritage and Biodiversity. The Council also partnered with Making Connections, that primarily looks after the elderly, in delivering a range of individual initiatives, in the community to help isolated individuals to connect with their neighbours. This funding will be used for such interventions as cycle lane protection schemes, improved footpaths and road surfaces, and improved cycle links though parks.

#### Local Enterprise Office and Economic Development Unit

Covid-19 has resulted in a huge increase in support provided by the Local Enterprise Office with many new schemes being introduced to support businesses in these challenging times. The key to a strong economic recovery is to keep businesses alive. The new schemes include;

- After a significant staff effort we have successfully completed the administration of the Business continuity Voucher Scheme. We received **462** applications. **335** were approved to a value of **€699,527.50**.
- The Trading Online Voucher scheme has proven extremely successful. We have put in special measures to ensure this scheme which is close to 700 applicants is administered as efficiently as possible. These numbers are fifteen times higher than 2019.
- Mentoring the office has provided significantly increased numbers of mentoring sessions, at no cost to clients, in response to Covid 19.
- General Supports There has been an increase of at least 50% in general support queries, and requests for client meetings.

A special page has been setup for the specialised <u>LEO Covid supports</u> which has details of all the government supports for businesses in these difficult times.

In addition to helping companies adopt best practices in dealing with crisis, the Local Enterprise Office (LEO) is continuing to provide a full range of training supports, details of which are available <u>here</u>.

The Street Furniture Grant, introduced to support food service-based businesses, has been extended to December 2021, and will be extensively promoted in the new year, along with the Shopfront Improvement Scheme, which has seen a substantially increased uptake in 2020.

The impact of the Covid Seasonal Fund which was introduced this year to support towns and villages across the County during the festive period has been seen in recent weeks. A total of just over €125,000 has been granted to thirteen representative groups which

has been used to light and decorate commercial areas, making them attractive spaces for customers to visit and shop locally.

The Economic Development Unit's Shop Local campaign received substantial support from business organisations across Dún Laoghaire-Rathdown, encouraging shoppers to shop locally and safely online where possible. This has been complemented by the nationwide #LookforLocal campaign run through Local Enterprise Offices.

Work has commenced on developing the Economic Plans for Dun Laoghaire Harbour and Dun Laoghaire Town. The Stakeholder Engagement Campaign underpins both plans that will generate new ideas for the sustainable regeneration of the Town and the Harbour. The intention is that this exercise is undertaken across four phases:

- Inform: Initial Workshop/Meeting and Exploratory Interviews with key stakeholders that will inform key stakeholders of the project objectives
- Invitation for submissions
- Consultation: Preparation of detailed surveys
- Structured interviews

Arising from the restrictions introduced to stem the spread of Covid-19, the Council had delayed this process to date. #### **Energy & Emissions**

The final scorecard for Local Authorities for Energy Performance results for 2019 for each public body in the Sustainable Energy Authority of Ireland (SEAI)'s annual report, shows that Dún Laoghaire-Rathdown County Council ranks 8<sup>th</sup> in Local Authorities in the country. The 33% improved energy performance target for 2020 has been exceeded one year ahead of target. The 2030 target is likely to be 50% in line with the new EU Green Deal.

These energy and emissions targets relate to energy used by Dún Laoghaire-Rathdown County Council – public lighting, fleet and in buildings where energy is in our control. It excludes social housing.

The 2019 dlr Energy Review identifies the Significant Energy Users as follows;

From 2021 onwards, the new statutory targets will require that carbon emissions are also reported annually to the SEAI. The Climate Action Plan 2019 to Tackle Climate Breakdown set out a requirement for all public buildings to achieve a minimum Building Energy Rating (BER) of B by 2030. Two-thirds of carbon emissions in Dún Laoghaire-Rathdown relate to buildings.

#### **Exhibition Programme**

#### What's in a Name? Dun Leary – Kingstown – Dún Laoghaire: A Visual History

2 November – 31 January (Online)

In 1821 the name Dunleary or Dun Leary was changed to Kingstown in honour of King George IV's visit to this bustling and rapidly developing town. In 1920 it was officially given the name Dún Laoghaire, referring back to the original Irish name for Dunleary. It was a deliberate political act during the War of Independence, an act of defiance against the old order in Ireland. In the years following the establishment of the Irish Free State, the use of Kingstown gradually diminished and was replaced in the consciousness of visitors and residents of the town by variants of the name – Dunleary, Dun Laoire and Dún Laoghaire. See the exhibition here:
