National Women's Enterprise Day

LEO DLR, on behalf of the Dublin LEOs, hosted the regional event marking National Women's Enterprise Day on 12th October in the Leopardstown Pavilion. An Cathaoirleach, Cllr Tom Murphy opened the event and over 200 attendees were greeted by Minister Mary Mitchell O'Connor and the Chief Executive, Philomena Poole. The audience heard from notable female entrepreneurs based in the region and participated in Q&A. They also availed of mentoring sessions, an enterprise services expo and a working lunch. RTÉ television provided coverage of the event on 'The Today Show'.

Community Development & Social Inclusion Events & Activities

<u>Grants</u>

The Universal Grants Scheme received over 280 applications by the closing date in October and applications are currently being assessed. Eight public Grant Scheme information meetings took place across the County in late September and early October to provide support and advice to community groups on making applications. Details were published in local newspapers, on the dlr website, through social media platforms and through the PPN. Information was provided on the different grant categories as well as the application process. A total of 97 individuals attended these information sessions.

<u>Comhairle na nÓg</u>

Meetings with DLR Comhairle na nÓg took place in preparation for the AGM which is scheduled to take place on 16th November 2017 and notifications have been issued to all secondary schools.

A number of meetings have been organised with representatives from agencies working with seldom heard and out of school young people to encourage attendance at the AGM and engagement with Comhairle na nÓg.

Representatives from DLR Comhairle na nÓg attended meetings in the offices of Department of Children and Youth Affairs to support the planning of 2017 Dáil na nÓg which is scheduled to take place in Croke Park on 6th December.

At the County Council meeting held on 9th October 2017 it was **AGREED** to invite the Chairperson and Vice Chairperson of Comhairle na nÓg to speak to the Elected Members at a future Council meeting.

Estate Management Programme

Nine Estate Management areas held Skip days during October. Skip Days take place in October before Halloween to allow for the collection and removal of waste material which otherwise may be used for bonfires. In addition to organising Skip Days some areas also organise WEEE Collections to take place around the same time, which allows for the free collection of electrical, battery and lighting waste items which are not collected by the various skip companies.

Network Of Community Facilities

A network of Community Facilities is being piloted on the West side of the County. The initial consultation with Community Facilities took place on 10th October. A total of 16 individuals, representing 8 Community Facilities, attended this consultation. Once this Network has been developed on the West side consideration will be given to developing a Network on the East side of the County.

Age Friendly Programme

The roll out of dlr's latest Age Friendly Initiatives, the *Petal Project* and *Directory of Activities and Services for older people in Dún Laoghaire-Rathdown County,* has commenced. The Directory has been distributed through the HSE, Gardaí and the Network for Older People as well as being made available in all dlr community facilities and libraries. These are key elements in supporting implementation of the Age Friendly Strategy and meeting needs identified by older people in the County. In addition, a number of Age Friendly events took place during the Festival of Inclusion:

- Diversity Fashion Show (Nutgrove Shopping Centre) 06/10/2017

Dun Laoghaire Harbour Company

The Council appointed a Risk Assessor following the presentation of the completed due diligence report to the Members in January 2017. That due diligence report was constrained by a non-disclosure agreement and it was made clear that no such agreement would be entered into in order for the Risk Assessment to be completed.

Work got underway and there were numerous delays in the provision of information to facilitate the completion of the exercise. However the Risk Assessors have now stated that they have moved to a very different stage and approach and all of the information that they have required is being provided. Concerns on the extent of the infrastructure deficits are significant and they are currently in the process of trying to quantify the exact nature of the liability.

In view of the fact that information is now being made available the Risk Assessors are of the view that they will now be able to complete their work in the near future. They have also stated that they are available to attend the Council meeting where the report and recommendations will be presented in order to talk through their findings. It is anticipated that this will be the January meeting of the Council

DLR Response to Hurricane Ophelia

Sunday evening 15th October 2017 - Met Eireann issued an unprecedented Red weather warning alert upgraded from Orange.

In anticipation of high winds and heavy rainfall, during the preceding 48 hours before landfall, **dlr** crews undertook a series of checks on fluvial infrastructure clearing all river and stream trash screens, ensured gullies and culverts were clear and undertook other work necessary to mitigate against some of the storms potential worst effects. By way of further preparation, in the interests of public safety, **dlr** took the decision to close all public parks & libraries. Notice of this was issued to the public on the day before the storm and repeated again on the morning of the storm.

Monday 16th October 2017 - On the day of Storm Ophelia **dlr** was fully prepared to respond and had the following crews on standby to deal with reports of trees down, transportation routes being blocked, flooding incidents, damage to buildings:-

- 6 roads crews,
- 4 parks crews,
- 4 cleansing crews and
- 1 Dangerous Buildings Team inspection

These crews were based in depots around the County to ensure a quick reponse no matter the location.

A **Crisis Management Team** based in County Hall was convened on the monring of the storm and directed operations over the course of the day, managing the flow of information into and out of the County, following best practice in the field and meeting every 90 minutes from 0800.

Communications - dlr put in place a comprehensive communications response for Storm Ophelia with 5 specific phonelines for reports of damage to roads, parks, flooding and buildings. There was also a significant prescence on our website and on our social media channels -Twitter especially proved itself as being a highly effective outgoing communications tool for the Council and also provided members of the public with a genuinely responsive inward communication method.

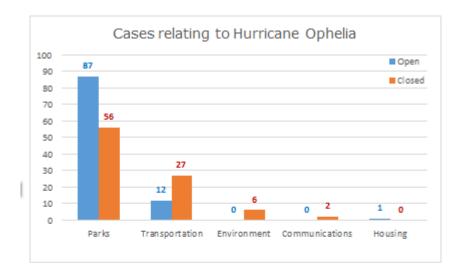

In the 24 hour period of Storm Ophelia @dlrcc tweets received **440,000** impressions with a good standard of engagement. Our phone lines and social media received **372** direct contacts from the public regarding reports of trees down, damage to buildings and other storm related queries.

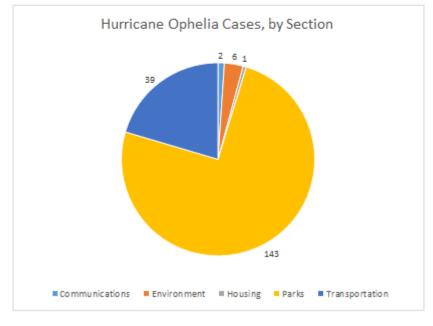

Over the course of the Storm Ophelia **dlr** roads, parks and cleansing crews working in collaboration with the Gardaí, DFB, Civil Defense and ESBN, dealt with blockages to roads in Glenageary, Monkstown, Dalkey, Cabinteely, Carrickmines, Kilternan, Dundrum and other areasoften involving large trees that had been downed by high winds. The vast majority of routes were reopened by midnight on the day of the storm with the last road cleared within 24 hours of incident. The Dangerous Buildings Team surveyed damage to a building in Dalkey which necessitated a street closure.

Over the course of Storm Ophelia, in **dlr** there were no reported serious injuries/fatalities and no major infrastructural damage.

The following charts give a breakdown of all the cases logged on CRM on the 16th and 17th October which reported directly to damage caused by Ophelia

Hurricane Ophelia

All of the above cases were logged on CRM on the 16th and 17th October and relate directly to damage caused by Ophelia

2. Road Closures and Street Furniture.

There were 4 Road Closures and 5 Street Furniture Applications up to the 31st of October, 2017. There were also 7 skip licence applications
